

3197 S. CHICAGO STREET, JOLIET, IL 60436 -- 815-722-2280

## **2021 4-STEP PROGRAM FOR EXISTING TURF GRASS**

### **STEP 1 22-0-4 Apply Late March – Mid April**

**\$31.00 / per 48# Bag**

Covers approx: 12,000 s.f. (3 Bags/acre)  
.125% Dimension & 1% Iron ((MAX LAWN))  
Crabgrass Preventer / Pre-emergent  
((Provides pre-emergent crabgrass control as well as prohibiting some broadleaf weeds from germinating, while fertilizing your lawn))

### **STEP 2 24-0-4 Apply Early May for Dandelion control**

**\$31.00 / per 48# Bag**

Covers approx: 12,000 s.f.  
Post-Emergent VIPER Weed & Feed + 1% Iron ((MAX LAWN))  
((A post-emergent weed control, that is effective on broadleaf weeds such as dandelions and white clover. Dampen lawn before applying for best results. Do not apply if rain is in the forecast within 48 hours))

### **STEP 3 18-2-2 Apply July 16 – August 15**

**\$35.00 / per 48# Bag**

Covers approx: 12,000 s.f.  
50% Organic Fertilizer w/ Iron  
((Keeps your lawn fed & healthy. The Iron helps to prevent the lawn combat rust in the hot, dry summer months, as well as naturally greening up the grass))

### **STEP 4 28-0-4 Apply Oct. 1 – Nov. 1**

**\$35.00 / per 48# Bag**

Covers approx: 15,000 s.f.  
((Final Feeding of the year, formulated to strengthen the grass plant by building up nutrients for the long winter months))
